CENTENNIAL DRAWS TO A CLOSE  
WITH ALLOTMENT OF THE PRIZESDRAWING BRINGS  
THOUSANDS HEREStreets About Platform at Main and  
Second Are Jammed With  
People This Afternoon

## WINNERS ARE ANNOUNCED

Week's Celebration Will End Tonight  
With the Usual Free Attractions  
Being Given

Several thousand people were massed about the big platform at the corner of Main and Second streets this afternoon at two o'clock the drawing began which would settle the allotment of more than a thousand dollars worth of seasonable merchandise which was donated by Rushville merchants as a climax to the week's celebration of the hundredth anniversary of Indiana's birth.

The rule that persons who won the prizes had to be present was to be strictly enforced, but the rule was changed that persons winning had to come to the platform to be identified. Men with megaphones and standing on barrels were stationed all through the crowd and as fast as the name of a winner was drawn, it was written on the blackboard standing on the platform and the name was relayed through the crowd. All that was necessary then was for the person winning to be identified by one of the men with a megaphone in the crowd, and he sent the news back to the stand that the winner had been located in the crowd.

The representative of each firm had to be on the stand and get the names or names of the persons or person winning what his firm gave away. When the representative of the firm learned who had won the prize or prizes offered by his business, he was free to go. The boxes in which the people have been leaving their names and addresses this week, thus entitling them to a chance, were piled high on the platform.

What was conceded to be the best celebration ever held here will draw to a close tonight when the usual free attractions which have been given all week will be presented again. The free attractions were given this afternoon as usual, but not at the regular times so as not to interfere with the drawing.

Probably the largest night crowd of the week was out last night and enjoyed the festivities. Added attractions were music by the boys' high school glee club and exhibition drill by the crack degree staff of Franklin lodge No. 35, I. O. O. F. The sixteen members of the staff were all dressed in white suits and were headed by Alva Newhouse, captain. The Odd Fellows band played for the drill. A space was roped off in Main street in front of the Odd Fellows building for the exhibition.

It was announced today that no one need call at the city library before next Wednesday for their relics because they would be left in the windows Monday to allow others to see them and would be gathered up Tuesday.

## Congratulations To—

WILL MAKE PRIZES  
PUBLIC MONDAYExecutive Committee Announces  
That Awarding of Loving Cup  
is Not Yet Settled

## CENTENNIAL PARADE IS FINE

It Covers Over Two Miles and Thirty  
Minutes are Required for it  
to Pass Given Point

The executive committee of the Centennial, Home Coming and Fall Festival announced this afternoon that the prizes in the school float division of the Centennial parade would not be announced until Monday due to some slight misunderstanding of the rules.

The Centennial parade was a revelation to the thousands of people who crowded along the line of march to get a glimpse of it. The school floats were especially attractive. The floats of the Catholic school carried out the Centennial idea. The first float showed Father Gibault teaching the first school in Indiana at Vincennes in 1780. John Barrett represented Father Gibault. The second float showed the Catholic school as it is today. A banner said: "For Our God and Our Country."

The float representing the Rushville public schools was a most attractive one. Upon a large wagon drawn by four black horses was a very large Cornucopia. Seated upon the Cornucopia was Ward Hubbard, dressed as a schoolmaster. The schoolmaster bore the couplet.

"While paying with honor a century's debt.

"To people who gave Indiana her name,  
"Remember her statesmen, but do not forget:

"The Hoosier Schoolmaster should share in their fame."

—E. B. M., Oct. 1916.

Reaching from the hands of the schoolmaster were red ribbons leading to all of the departments represented. The Cornucopia as a "horn of plenty" was dispensing "education, full and free" to the following persons representing the work of the Rushville public schools:

Grade 1; Norma Miller, Grade 2; Graham Pugh; Grade 3, Francis Kirkpatrick; Grade 4, Donald Powers; Grade 5, Marian Kinsinger; Grade 6, Harold Clarkson; Grade 7, Margaret Herkless; Grade 8, Jean Gates; English, John Fleehart; Latin, Hubert Alexander; German, Katherine Todd; Mathematics, Parvel Moore; History, Helen Osborn; Science, Clifford Mauzy; Domestic Science, Katherine Wyatt; Manual Training, Merle Winkler; Art, Josephine Scholl; Music, Janet Dean; Athletics, John Keating; Commercial, Hazel Stoops.

The entire float was decorated in red and black, the school colors.

Many of the costumes were particularly appropriate. John Fleehart, as English, was dressed as William Shakespeare, and bore the placard, "1816-English-1916," thus representing the centennial of Shakespeare. Hubert Alexander was dressed as a Roman soldier, representing the Latin department. Katherine Todd, was dressed as a German maid. Helen Osborn looked fine dressed in "Old Glory," representing American History. Clifford Mauzy carried a retort to represent Manual Training.

Miss Henrietta Coleman planned the float and great credit is due to her artistic ability in arranging the appropriate color scheme and decorations.

Centennial Queen Crowned Yesterday  
And The Second Highest Contestant

MISS LEAH ONEAL

MISS DOROTHY MULNO

Miss Dorothy Mulno, daughter of Mr. and Mrs. William G. Mulno, 614 North Jackson street, was crowned Centennial Queen with some pomp and ceremony, at the platform at the corner of Main and Second streets, about 3:30 o'clock Friday afternoon following the Centennial parade, in which the queen and the two girls who received second and third prizes rode.

Miss Mulno was queen by virtue of having received the greatest number of votes—72,152—and was awarded the prize of \$25 in gold. Miss Leah Oneal, who gave Miss Mulno a race, polling 58,358 votes, received \$15 as the second prize. Miss Dessie Dudgeon was awarded \$10 for third prize. She received 8,509 votes. There were approximately 142,400 votes cast in the contest.

RESIGNS RATHER  
THAT PAY ALIMONYWoodford Cassidy Disappears From  
City After Being Cited For  
Contempt of Court.

## NEW CARRIER TO BE NAMED

Rather than face Judge Sparks on a charge of contempt of court for failing to pay his divorced wife support money in the sum of \$100, Woodford Cassidy has resigned his position as rural mail carrier on route No. 3 out of this city and left for parts unknown. He was cited to appear this morning but failed to do so for the very simple reason that he has been out of the city for the past week or ten days.

Action for contempt in not paying his divorced wife, Mrs. Della Cassidy of Connersville, was filed some time ago and he was given until Oct. 10 to pay up, but failed to meet the payment. Mrs. Cassidy alleges that there is due her the sum of \$100. Under the terms of the divorce decree she was given the sum of \$30 a month.

It was stated at the postoffice today that his successor would be picked from the eligible list within a few days.

## HURT IN FALL DOWN STAIRS

Mrs. James Bebout, Mother of Mayor, is Painfully Injured.

Mrs. James Bebout, of Manilla, who is visiting at the home of her son, was painfully hurt this morning in a fall down stairs. Mrs. Bebout lost her footing and fell down the rear stairs to the first landing. She sustained a cut over one eye, her face was badly bruised and one shoulder injured. It is not believed that her injuries will result seriously.

Mr. and Mrs. Roy Aldridge and daughter of Pittsburg, Pa., are here for a visit with Mr. and Mrs. A. L. Aldridge. Mr. Aldridge leaves Monday, but Mrs. Aldridge and daughter will remain for an extended visit.

MOTORCYCLE AND  
AUTO ARE DAMAGEDMachine Driven by H. G. Sampson  
Hits Machine Ridden by R. F.

An automobile driven by H. G. Sampson and a motorcycle ridden by R. F. Mart of Indianapolis, collided yesterday afternoon at the intersection of Third and Spencer streets, resulting in considerable damage to both machines. The auto was going south out of Spencer street and the motorcycle was going west on Third street. Carl Peck, who was riding on the motorcycle with Mart, was severely bruised when thrown to the brick pavement, but the occupants of the auto escaped injury. The motorcycle was almost demolished and the front part of the auto was badly smashed. Six spokes were torn from one wheel, the fender bent, but the engine was not damaged. The accident is said to have been unavoidable.

Mr. and Mrs. Ray Schuster of Muncie will motor to this city this evening to be the week-end guests of Miss Jeanette Clark.

## WILL SPEAK AT FALMOUTH

Fred Van Nuys Will Address Democratic Meeting Tonight

Fred VanNuys of Indianapolis formerly of Anderson, and a native of Rush county will address a Democratic meeting tonight at Falmouth. Mr. VanNuys will arrive here at 5:42 o'clock and will be met by a party of local Democrats. The New Palestine drum corps will make the trip to Falmouth and furnish the music. A delegation from this city will attend the speaking.

Mr. and Mrs. James Ochiltree and Miss Mable and Miss Laura Sutor of Falmouth have motored to Owentown, Ky., for a short visit.

FIRST BALANCE  
FOR 23 YEARSRush County Farmers Insurance  
Company is in Excellent Financial Condition

## ANNUAL MEETING HELD TODAY

Report of Actuary Webb is Heard  
and Same Officers are Re-Elected for the Year

At the forty-first annual meeting of the Rush County Farmers' Insurance company held this afternoon in the court house assembly room, the present officers were re-elected and chief interest centered on the report of Actuary Webb. The officers re-elected were John G. Gartin, president; Thomas A. Jones, vice-president; L. R. Webb, actuary, and J. H. Pike and Edward Lowden, members of the auditing committee.

An amendment to the constitution was passed defining a risk and establishing a policy that no single risk could be insured to exceed \$4,000. This part of the constitution has always been in effect, but the change was made to define a risk, the court having held that each single item insured, such as a barn, a house or a garage constitute a single risk.

Only a small crowd was in attendance and the meeting was rushed to a close so that the members could attend the drawing on the public square.

For the first time in fifteen years the company has a balance in the treasury at the close of the year's business. The annual report of Actuary Rue Webb, which was submitted to the meeting this afternoon, shows a balance on hand of \$1,289.42. Mr. Webb stated that this was the largest balance in twenty-three years and stated that many years the company failed to show a balance at the end of the year.

The report was most gratifying to the stockholders of the insurance company. The company enjoyed one of the best years of its long existence, doing a largely increased business. During the year the company had property insured of the value of \$4,378,170, which is an increase of \$154,094 over the previous year.

The company has a total membership of 2,275, showing a gain in membership of 26 over last year. The total receipts, according to the actuary's report amounted to \$12,058.04 and the total expenditures were \$10,768.62, leaving a balance on hands of \$1,289.42.

Fire losses during the year were unusually low, which in a way accounts for the good financial showing. There were no large losses from fire as encountered the year previous. The losses this year totalled \$8,812.90. The year previous one loss—that of John Widau—almost amounted to the total loss of this year.

The largest loss during the year was paid to W. B. Martin of near Milroy. Insurance amounting to \$2,500 was paid Mr. Martin. His loss was three barns and their contents. The fire occurred on December 22. Else Kirk, also living in the Milroy neighborhood, suffered a loss of \$1,000 on the same day.

N. J. Armstrong sustained a loss of \$702 on Oct. 11. On the same date Harry Armstrong was paid \$479 for the loss of a barn and personal property. Other losses during the year were small. Usually a large amount of money is paid for live stock, struck by lightning but there was not as heavy a loss from this source this year, according to the report.

MOVEMENT ON  
TO GET MUSEUMFine Display of Old Relics This  
Week Leads Many to Suggest  
Such a Thing

## CURIOS ARE A REVELATION

Further List of Exhibit Which Has  
Astonished People of County  
Presented Today

The display of old relics at the Centennial, Home Coming and Fall Festival this week has caused innumerable suggestions from many sources that an effort be made to start a county museum where a collection of quaint old curios could be seen any time.

The suggestions of countless people may lead to something definite in that direction being done. It has been freely pointed out by many that there is plenty of room in the court house where such a collection could be made and displayed to good advantage.

The exhibit this week has been a revelation to the people of Rush county. Although there are few homes which do not have some priceless relic, no one imagined that there were so many in Rush county as the Centennial exhibit has disclosed. There were approximately twelve hundred pieces passed through the hands of the committee, were labeled and distributed to the store windows. In addition to these, there are possibly three or four hundred pieces on display which never were sent to the committee but were taken direct to some store.

The Daily Republican has endeavored to give as near as possible a complete list of the relics on display, their ages and present owners. Every night this week except Monday when the display was arranged the Republican has presented a list of from two to four columns and will continue to do so until the exhibit is covered. A partial list of the remainder not previously mentioned is presented today as follows:

In Ida Dixon's millinery store window may be seen: a child's vest worn by Charles Larkin; a parasol 75 years old, belonging to Mrs. William Bainbridge; a watch pocket, a meat platter 75 years old, a jewel box 75 years old, a dinner plate and sugar bowl 75 years old, a boy's waist worn by Samuel Abercrombie 58 years ago, a baby's cap worn by Mrs. Minnie Abercrombie, all the property of Mrs. Minnie Abercrombie; a hat about 45 years old made by Mrs. Ella Mason, loaned by Mrs. Fon Riggs; an old bonnet, the property of Mrs. Theodore Friend; a mourning bonnet worn in 1862; a sugar bowl over 100 years old, a young ladies toque, two embroidered mottos, all loaned by the Misses Anna and Alice Gloré; a letter 75 years old not bearing any stamp because that was during the time before stamps were used, a sampler 70 years old, a collection of paper money and coins, an underground railroad pass 65 years old, all loaned by John S. Abercrombie; some Hensington embroidery made by Mrs. Naoma Huffman 32 years ago; a hat for a young miss made many years ago, loaned by Mrs. Will Dill; a bonnet 54 years old, the property of Mrs. Frank Gates; a silk veil from England, loaned by Mrs. E. B. Thomas; a bonnet worn in 1802, loaned by Miss Alma Green; a bonnet worn by Mrs. T. M. Green at the reception given Ex-President Benjamin Harrison to the Indiana legislature following his election as United States senator, in January, 1887; a lady's hat 22 years old, by Mrs. Dan Matlock; a bill book 65 years old, donated by Ella Stearns; a Bible about 100 years old, loaned by Elizabeth Trennepohl; a

—Mr. and Mrs. Erle Hamilton returned to their home in Kingston last evening after a short visit with Mr. and Mrs. Grant Gregg of this city. They left this morning for a motor trip to Lima, Ohio.

the inscription 1816-1916 and a large picture of the department store of today and a hundred years ago. The Morris hardware store was next represented with a float on which stoves were being demonstrated. The Orme taxi company and the Havens shoe store closed the first division of the parade. A large shoe with the words "Havens—Some Shoes" composed the Havens float.

The second division of the parade was led by the Odd Fellows band and was followed by the degree staff of Franklin Lodge No. 35. The degree staff was dressed in their white uniforms and presented a fine appearance. Two floats followed in which a picture was drawn of the work done by the Odd Fellows lodge in caring for the sick and looking after the needy. The Rebecca display was led by a float in which Rebecca was shown at the well. Four machines carried members of the order.

Then came Miss Dorothy Mulno, the centennial queen and her two maids, Miss Leah Oneal and Miss Dessie Dudgeon. They rode in a beautifully decorated auto, the queen under a canopy and the two maids to one side. Clark and Caldwell followed with a display of Franklin, Hupps and Saxon cars.

The Daughters of the American Revolution followed with a large turn out. First came a float showing the making of the first American flag. Following came two machines in which were the regent and others of her staff.

Following came the beautiful float of Jack Stonecipher, representing his smoke house. Ten pin balls and ten pins were displayed and the float was decorated artistically. Behind this came the Jim Watson drum corps and then the Benson delivery company, displaying their five wagons. Oneal Brothers were next.

Lurline Council, D. of P. followed in a float. The members were dressed in Indian costumes. Caron's truck followed and then came the third division of the parade led by the carnival company's band. The Wolcott drug store contribution to the parade followed. Then came the

Rushville township schools—especially those of Jersey City. Miss Jessie Gillispie, one of the teachers in this school was in a chariot and leading from the chariot were red, white and blue streamers to which the children were attached, and each represented a state of the union. The Plough mininery shop was next represented.

The Catholic schools presented an interesting float showing Father Gibault teaching the first school in Indiana at Vincennes in 1780. The suffragists followed in six machines. The representatives of the local franchise league were decorated in the yellow color of their order and catchy slogans were in abundance.

Following this came the float of the Jackson school. A large cornucopia out of which came the various things the school stands for was portrayed by the display. Bliss and Cowing was then represented by a novel display in which corn played a prominent part. The name of the firm was spelled in corn and in fact everywhere was to be seen corn. It was novel as well as attractive. Then came the pony cart of Robert Gantner on which were the words, "Trade With Aunt Nellie." The equipment of the old fire department brought up the rear.

## Amusements

"The Supreme Sacrifice" is the title of the five reel feature at the Princess tonight. Robert Warwick and Anna Q. Neilson are featured. There are many big scenes and the action is said to be very rapid. "Pate's Boomerang," the latest World Film release in which Mollie King is the star, will be the attraction at the Princess Monday, matinee and night. It is in five parts and deals with the trials of a man desperately in love with his wife, who is sent to supervise the building of a railroad in the western mountains. His wife, fond of society, refuses to leave her life of pleasure. The story is well acted and the wonderful scenic effects add to the picture.

signs. R. J. Cullipher did a fine piece of work in constructing the Cornucopia. The girls in Miss Dennis' domestic science classes made the large red poppies which decorated the whole float.

The Rushville schools took a commendable interest in the Rush County Centennial. The girls high school glee club opened the exercises Tuesday forenoon with several selections well rendered. A school chorus of two hundred and seventy-five voices was on the program Wednesday afternoon. The Washington School sang three songs Thursday forenoon and so enthusiastic was the crowd that the school appeared again yesterday afternoon. The boys high school glee club sang last night.

School was dismissed at 2:30 on Tuesday and Wednesday and all the afternoon yesterday.

The Centennial parade yesterday was over two miles in length and required about one-half hour to pass

### That Economy Promise

"The high price of gasoline, which affects the owner of every automobile in the country as well as all business houses which use gasoline trucks; the high price of print paper which has affected every newspaper and publication in the United States, particularly the owners of the smaller newspapers; the high price of binder twine which is costing the farmers millions of dollars—all these increased expenses affecting millions of our citizens and costing them billions of unnecessary expense, is due to the Wilson administration and the Democratic party," declared Representative Halvor Steenerson, of Minnesota, in a statement recently.

"The Democratic party promised economy and gave us extravagance. It promised lower cost of living but it has gone up and is still going up. It promised to curb monopoly but the Democrats have pulled the teeth out of the anti-trust law by the Clayton act to such an extent that we are now in the grip of some of the most rapacious trusts in the world.

"When I sought to get the Government to prosecute them for violating the anti-trust law the Department

## AGAIN LEADS IN SENATORIAL RACE

James E. Watson Receives 42 Votes on Day's Count and New Gets 38 and Kern 33

TAGGART FOURTH WITH 21

James E. Watson again led in the Enquirer straw ballot contest votes announced today. The votes counted yesterday and printed this morning were taken at Hartford City and Bluffton, Watson receiving 42, New 38, Kern 33 and Taggart 21. Mr. Watson is increasing his lead over his opponent, Thomas Taggart, daily.

At Hartford City Hughes beat Wilson by five. Goodrich, Republican candidate for governor, received 13 more votes than Adair, democrat. Watson lead in the race for senator, New was second, Kern third and Taggart a trailing fourth. Hughes received two Wilson votes and lost the support of one man who was in the republican ranks four years ago. Hughes received 13 progressive votes and Wilson none. On the state ticket in the change of votes the republican candidate gained 12. The republican candidates for senator gained nine in the switching of votes.

Wilson beat Hughes by two in an installment of straw votes from Bluffton. Adair beat Goodrich by four. Kern and New received 12 votes each, Watson 10 and Taggart eight. Hughes gained one Wilson vote and did not lost any Taft votes. Three progressive votes went to Hughes and two to Wilson. The only changes on the state ticket were five progressive to republican and one progressive to democrat. The republican candidates for senator gained three in the change of votes.

of Justice could not find sufficient evidence, although the Secretary of the Interior, the Bureau of Mines, and the Federal Trade commission investigated the subject and reported there was no natural or economic cause for the increase in prices and it must be due to monopolization.

"The paper trust" has gradually raised the price of paper so that many of the smaller newspapers may have to go out of business. The settlers who furnish the pulp wood have been paid the same old price but the manufacturer has doubled the selling price.

"The latest product of Democratic legislation and policy, the binder twine trust—the Commission del Mercado de Henequin Reguladora de Yucatan—controls absolutely the world's sisal supply out of which binder twine is made. This trust was organized by the military governor of Yucatan and was approved by Carranza. It was financed in the United States with approval of the State Department. Norman Lind was sent as President Wilson's personal representative to Mexico is its American representative. This trust has already doubled the price of binder twine. In the state of Minnesota alone it has raised the price from 3½ cents to 7 cents and refuses to quote prices for next season lower than 10 cents. Minnesota farmers use approximately 25,000,000 pounds of twine annually, and this means an extra tax of at least 10 cents an acre or more than a million dollars on the farmers of this one state. This money, wrung from American farmers, will not go to the peons of Yucatan in increased wages but to Carranza. It will help him buy more arms and ammunition with which to murder Americans.

"The Democratic party has imposed extravagances on the people amounting to \$600,000,000 per annum. They have created more than 35,000 new offices, involving a permanent burden on the tax payers of \$40,000,000 per annum.

"They are great for economy when out of office, but in power they are more than extravagant—they are profligate."

## INDUSTRIES FAVOR THE SUBMARINE WAR

Directors of Germany's Steel Trust and Other Millionaires State Their Position.

GEORGE'S STATEMENT BASIS

BY CARL W. ACKERMAN.  
(U. S. Staff Correspondent.)  
Dusseldorf, Germany, Oct. 14.—Nearly every big industrial leader in the Rhine valley, the industrial center of Germany, favors a ruthless submarine warfare regardless of the interests of the United States.

Directors of Germany's steel trust and other millionaires in this industrial district declare that Germany will not make peace until England asks for terms. The press of the country is still discussing Lloyd George's interview with the United Press in which he stated that the allies must carry the war to a "knockout" and they hold that this statement justifies their contentions that Germany must use every possible weapon against England.

## A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect your self against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

## COULD NOT WALK

And For Four Years, Could Not Stand Without Support.

Chillicothe, Ohio—"Nothing pleases me more than to speak a word of praise for Cardui, the woman's tonic," says Mrs. Ed Davis, of this town, "for I firmly believe that it snatched me from the grave."

I have been married 14 years, and had two children. After the youngest was born, I was not able to walk, and for four years, I was not strong enough to stand on my feet five minutes at the time, without something to support me.

Nothing seemed to do me any good, until, finally, I commenced using Cardui, the woman's tonic. I only used about four bottles, but, today I am well, can do my work, and walk as far as I want to.

I can never praise Cardui enough, and my neighbors cannot get done wondering at the change in me. You, too, can depend on Cardui, because Cardui is a gentle, harmless, vegetable tonic, that can do you nothing but good.

Prepared from vegetable herbs, Cardui has a specific effect on the womanly constitution, and puts strength where it is needed.

## Demonstrates How It Gives News First

The Daily Republican was again able to demonstrate this week how it gives the news first. It gave a complete account, inning by inning, with a full box score, of each world series baseball game, on the day it was played, and the report was read in Rushville two hours before any other account of the game reached this city. The Republican received many compliments on the way it handled the world's series and appreciation was expressed by many fans, both in Rushville and in other parts of the county, on the quick service.

New York, Oct. 14.—Aside from the interest which always centers in the activities of Yale, Harvard, Princeton, Cornell, Dartmouth and the other top-notch football teams of the east, Illinois university and Colgate university will hold the attention of football followers when they met this afternoon at Urbana, Ill.

This was the first meeting of Illinois and the husky easterners, who have been considered for some time one of the east's most powerful reasons why it should be counted first in football. Last year Colgate went through the season with only one defeat. In fact, the team was not scored upon save in its final game

with Cornell, which it lost by a top-heavy score. The Army and Yale teams were two of its victims. Illinois split the honor of being big nine champions last year with Wisconsin, so the east and west will be sending two of the most powerful teams against each other.

Lehigh, which hasn't done anything remarkable so far, is Yale's opponent today, and Harvard battles a southern team, North Carolina. Cornell has Williams for its entertainment at Ithaca, and Princeton goes into what probably will be the hardest fought game of the afternoon when it tackles Tufts at Princeton.

Notre Dame, another high standing team in the west, battles the Haskell Indians at South Bend and Nebraska tackles the Kansas Aggies at Lincoln.

All of the new members as well as the old ones are urged to be present.

### CENTENNIAL DANCE

The nightly dances at the skating rink continues to be popular with the out-of-town as well as local dance lovers. The crowd last evening equalled about 75 couples. With pretty decorations, good music furnished by the Sherman orchestra and a good crowd, the affair was a pleasant one.

Among the dancers were Earl Porter, Horace Wagoner, Mr. Korsch, Bud Raymond and George Harding of Shelbyville, Miss Dorothy Voltz, Miss Corrine Schrader, Miss Marie and Miss Mable Wysong Webb Sparks, and Clarence Voltz, of Connorsville, Paul Williams of Morristown and Harold Pearce, a student in Champaign, Ill.

### FAREWELL SURPRISE

One hundred and twenty-five friends and neighbors of Mr. and Mrs. W. H. Baker of North of Falmouth surprised them at their country home last evening, inasmuch as they are to move to Indianapolis the first of November for permanent residence. The affair signified the large host of friends that Mr. and Mrs. Baker have in the entire community.

Music, games and various other pleasant diversions combined in making the evening a pleasant one. A delicious luncheon which was furnished in pitch-in style was served.

Mrs. Brenner of Pittsburg, Pa., and Mrs. C. C. Bush of Dayton, Ohio, were among the guests.

The Fairview Departmental Club will hold the regular monthly meeting on Wednesday evening in the school building at 7:30 o'clock. An excellent program will be given.

The members of the Psi Iota Xi will be entertained on Tuesday evening by Miss Frances Frazee at her home in North Main street. Miss Mary Anderson will be assisting hostess.

### WITH MRS. FRANK

The members of the D. T. Club were the guests of Mrs. Charles Frank for a pleasant afternoon yesterday. The seven members were engaged in social chat and a general good time for the afternoon. Yellow and white was the color scheme suggested in the tasteful decorations used. A dainty luncheon was served to the members. Later they were joined by their husbands and an oyster supper was given in the evening.

The next meeting will be a Halloween party at the home of Mrs. Knowles Casady when the husbands as well as the members will be entertained.

## What the Women's Clubs Are Doing

With the opening of the club year in the fall, a number of interesting and novel programs are in evidence at the clubs of the surrounding towns. More and more, the ladies chose to cling to one general theme throughout the year, and always during one program. The variety of subjects shows a diversity of tastes and interests.

School systems were studied by the members of the G. G. Club of Connorsville at their last meeting. "Industrial Schools of Gary," "Motion Pictures in Public Schools," and "Stanford University" were subjects all of which came in for their share of the attention.

A novel meeting of the Magazine Club of Columbus was the last one when the program consisted of a series of stories of pioneer life in Indiana. Current events of the state were given as responses by the club members who in this way observed the centennial.

Broad subjects were chosen by the members of the Domestic Science Club of Shelbyville at their last meeting when the ladies discussed "Science in the House" and "Sanitary Science."

The Tuesday Club of Seymour will be occupied during the winter months with the study of the drama. "Woman's Part in the Drama" was one of the subjects while another gave the history of the "Drama League of America." At their last meeting.

The world's foremost vocalists and musicians furnished the program for the last meeting of the Cary Club of Connorsville. Each talk was illustrated by selections on the victrola. Alma Gluck, Madam Schuman-Heink, and Fritz Kreisler, Eugene Ysaye, and Zimbalist were all subjects for interesting talks.

### HOW TO CUT ROSES.

There is a right and a wrong way to cut roses. The choice of the latter may seriously injure the blossom-producing properties of the plants, it is pointed out by specialists of the U. S. Department of Agriculture. This applies particularly, of course, to rose plants chosen and grown especially for cut-flower production. Such roses will be largely of the perpetual blooming sorts.

When a rose is cut from such plants—tea roses or other perpetual bloomers—only two or three eyes of the current season's growth of that branch should be left on the plant. This should give the roses very long stems. Succeeding blossoms should be cut close to the ground. It will seem like destroying the bush to take so much off it, but if the object is the production of roses, the cutting away of the surplus wood will attain the desired end.

If the spring pruning has not been sufficiently severe the plant is likely to have long, naked stalks and short stems to the flowers. With this character of growth only one or two strong buds should be left on the branch when the flower is cut, so as to stimulate as much growth as possible from the base of the plant.

The greatest temptation to leave wood is where there are two or more buds on one branch, some being small when the terminal one is open. This temptation to follow a bad practice can be avoided by pinching off all side shoots after a bud has formed on the end of a branch. This prevents the formation of two or more buds on one stalk. This summer pruning will encourage additional blooms on varieties which bloom more than once a year.

### WORLD'S TALLEST WOMEN

After taking measurement of the height of women in France, England and America, a doctor announces that the English woman is the tallest and the American comes next. The average height of the French woman is five feet and one inch. The American women is nearly two inches taller, and the women of Great Britain one-half inch taller than the latter. American women are heavier, their average weight being about 117 pounds.

### SUFFRAGE NOTES

Viscount Grey told the National Union of Women's Suffrage Societies of England recently that he did not think their problems should come before the nation at the present time, but that as far as his personal influence is concerned it would be used for the enfranchisement of women.

The Congressional Committee of the National American Woman Suffrage Association reports that 85 per cent of the congressmen who replied to their letter in regard to their view about the federal suffrage amendment announce themselves in favor of it and their intention to vote for it.

## A POOR EAR WHOSE LOBE DOES NOT SAG WITH STONE'S WEIGHT

In Rio de Janeiro You Find Blazing Diamonds Adorning Every Woman, The Kind That Almost Take Your Breath Away And Cash Too If You Attempt To Acquire Any. Even Effusions Are Tested By a Jewel Gauge And The Depths Of a Man's Passion For His Better Half Is Shown By The Number Of Jewels She Wears.

BY MARGARET MASON  
(Written for United Press.)

They say all blue diamonds Come from Brazil, But believe me you'll find that A lot stay there still.

Rio De Janeiro, Sept., 20 (By Mail)

On every hand in Rio de Janeiro you find clubs—The Jockey Club, the Derby Club, the Engineers Club, the Anglo-American Club, the Naval Club, etc. On every hand in Rio de Janeiro you also find diamonds and in every feminine ear as well. Great blazing stones that take your breath away and your cash too if you attempt to acquire any.

"Kind hearts are more than coronets" would never be a popular motto here where earrings are more to be desired than shoes. Positively it's a poor ear indeed whose lobe doesn't sag with the weight of a huge ruby, emerald or sapphire surrounded with diamonds. Even the poorest natives and negresses, shambling along barefooted or clumping along in the ungainly native shoes whose heavy wooden soles leave the heels exposed and have a thick piece of leather across the front for a toe hold, have their ears all duded up in gold hoops.

When it comes to rings no finger is spurned, slightly or overlooked. If some poor little feminine finger does happen to be shy its circling band of jewels it looks almost indecently nude. The men also affect several rings and an elaborately jeweled one on the front finger of the right hand is the finger mark of a lawyer, doctor or scholar.

Even affections are tested here by a jeweled gauge and the depth of a man's passion for his better half is shown by the number of jewels that she wears. This appealed to me strongly at first. Think how attractive to have your husband in lieu of pouring words in your ear using earrings instead of pressing a tiara rather than a kiss on your brow. To give you a precious jewel rather than to call you one certainly has its fine points but unfortunately there is another setting to this jeweled adoration.

People of moderate means actually put themselves in poverty stricken condition in order that the wife may make an adequately jeweled impression. They pinch and scrimp and save and give their heart's blood for a pigeon blood ruby. Just imagine going without all the comforts of home just to show the neighbors how crazy your husband is about you.

I guess after all it's better to have a loving arm around your neck than a diamond necklace.

Aside from boasting the most brilliant blue diamonds in the world, gorgeous sapphires, rubies and emeralds, Brazil makes a scintillating rainbow showing of semi-precious stones.

Tourmalines, green and pink, aquamarines, amethysts, topazes, yellow and orange, tourquoise, opals and agates. In fact there are several attractive little shops devoted exclusively to the sale of these native Brazilian semi-precious stones. As for the general jewelry stores they are even more plentiful than saloons in New York and vie in numbers here with the tobacco shops and lottery places.

Even the birds in the air and the bugs of the earth are pressed into service as jewelry. Out of many green and bronze and iridescent, hard-shelled Brazilian beetles, unique scarf pins, hat pins, brooches, necklaces and bracelets are made. Tiny opalescent beetles too fragile to use in this manner are mounted in groups of two and three between disks of crystal bound in gold or silver and used as pendants. Some of the gorgeous butterfly wings are also used in this manner. Perhaps the most unique and attractive of all these conceits in the tiny ruby and bronze or green and gold head of a humming bird it's beak sheathed in gold set in the middle of a pair of gold metal outspread wings on a bar pin.

Other jewels are omnipresent and multitudinous as the kind of lapidaries recognize are those of which Cornelia once boasted.

Little sons and daughters are indeed very popular in Rio and no family seems complete without at least four or five. They are bright little black-eyed kiddies but all seem to have a tendency toward a pasty pallor rather than the healthy brown or apple red cheeks of our own husky North American offspring. This is due, no doubt, to the fact that their misguided parents drag them at all hours to the cinemas and serve strong Brazilian coffee and other heavy native dishes indiscriminately and promiscuously to tender tummies.

Rio kiddies all show a nonchalant disregard for lingerie and unless they be of the "haute mode" indeed a single garment suffices beautifully for their sartorial needs. This has the one drawback that it renders them very open to the argument of a paternal paddling.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## CASE IS CHANGED TO HENRY COUNTY

Will Contest of Mary A. Heaton's Against William O. Stewart, Administrator, Transferred

### HACKMAN GETS JUDGMENT

The case of Mary A. Heaton in which she is contesting the will of her mother, the late Sarah J. Stewart, was sent to Henry county this morning by Judge Sparks on a change of venue. The suit is directed against Mrs. Heaton's brother, William O. Stewart, who is the administrator of the estate. Five days are given in which to perfect the change.

Henry G. Hackman was given judgment by default against Julia C. Ellison for the sum of \$83.74. The suit was dismissed as to Fremont Ellison and judgment taken against Julia Ellison. The suit was on an account and the original demand was \$100.

## HOMER AND MANILLA PLAY

Basketball Teams Will Clash in Two Games This Week

Homer and Manilla high schools have two basketball games scheduled for next week, the first at Homer Monday afternoon after school, and the second at Manilla Wednesday night, after the Manilla horse show. As a keen rivalry exists between Homer and Manilla, the student bodies of both schools, as well as the teams, are on edge for the games. Both teams have their partisans. Homer is showing good form and team work this season but the heavier and better conditioned Manilla aggregation is expected to be victorious in one or both games. However, both teams backed by their rooting cohorts, can be expected to fight to the finish.

## NO BASIS FOR THE CHARGES

No Evidence of Proposed Election Frauds is Found

(By United Press.)  
Washington, Oct. 14.—Based on charges of democrats that negroes are being taken into northern states by the hundreds for the purpose of fraud in the coming election, the department of justice announced today that it had found no basis for the charge. The states referred to by the democrats were Ohio and Indiana. Officials refused to give details of the charges. Senators Taggart and Kern of Indiana are known to be among the democratic office holders who have expressed fear that the negroes might be used in the election.

## GOT SOME BACON AND EGGS

Thieves With Good Taste Robbed Fleehart's Refrigerator

The refrigerator at the home of Albert Fleehart in West Fifth street was robbed of its contents yesterday afternoon. The thieves secured a slice of ham, some bacon and a dozen eggs and some other things of small value. The back door leading to the porch was left open and the robber had no difficulty getting into the house. The work is believed to have been that of sneak thieves.

### SUBMARINE SIGHTED

(By United Press.)  
New York, N. Y., October, 14.—A westbound submarine was sighted near the Danish liner Hellwig Olaz yesterday morning by the liner Bovic, which reached here today. Some of its officers believe that the submarine was pursuing the Danish vessel. The Bovic's captain dashed away at the greatest possible speed to avoid an attack. The Danish vessel left here Thursday carrying passengers.

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

Henry Hungerford of Anderson township has an old spelling book which was first published in 1783 and revised in 1848. It was the book he used in the days of his youth when spelling "bees" were so common. Mr. Hungerford was the champion speller and remembers one occasion when he spelled 600 words from the book correctly before he "spelled down" his opponent.

## CENTENNIAL DRAWS TO A CLOSE WITH ALLOTMENT OF THE PRIZES

### DRAWING BRINGS THOUSANDS HERE

Streets About Platform at Main and  
Second Are Jammed With  
People This Afternoon

### WINNERS ARE ANNOUNCED

Week's Celebration Will End Tonight  
With the Usual Free Attractions  
Being Given

Several thousand people were massed about the big platform at the corner of Main and Second streets this afternoon at two o'clock the drawing began which would settle the allotment of more than a thousand dollars worth of seasonable merchandise which was donated by Rushville merchants as a climax to the week's celebration of the hundredth anniversary of Indiana's birth.

The rule that persons who won the prizes had to be present was to be strictly enforced, but the rule was changed that persons winning had to come to the platform to be identified. Men with megaphones and standing on barrels were stationed all through the crowd and as fast as the name of a winner was drawn, it was written on the blackboard standing on the platform and the name was relayed through the crowd. All that was necessary then was for the person winning to be identified by one of the men with a megaphone in the crowd, and he sent the news back to the stand that the winner had been located in the crowd.

The representative of each firm had to be on the stand and get the names or names of the persons or person winning what his firm gave away. When the representative of the firm learned who had won the prize or prizes offered by his business, he was free to go. The boxes in which the people have been leaving their names and addresses this week, thus entitling them to a chance, were piled high on the platform.

What was conceded to be the best celebration ever held here will draw to a close tonight when the usual free attractions which have been given all week will be presented again. The free attractions were given this afternoon as usual, but not at the regular times so as not to interfere with the drawing.

Probably the largest night crowd of the week was out last night and enjoyed the festivities. Added attractions were music by the boys' high school glee club and exhibition drill by the crack degree staff of Franklin lodge No. 35, I. O. O. F. The sixteen members of the staff were all dressed in white suits and were headed by Alva Newhouse, captain. The Odd Fellows band played for the drill. A space was roped off in Main street in front of the Odd Fellows building for the exhibition.

It was announced today that no one need call at the city library before next Wednesday for their relics because they would be left in the windows Monday to allow others to see them and would be gathered up Tuesday.

### WILL MAKE PRIZES PUBLIC MONDAY

Executive Committee Announces  
That Awarding of Loving Cup  
is Not Yet Settled

### CENTENNIAL PARADE IS FINE

It Covers Over Two Miles and Thirty  
Minutes are Required for it  
to Pass Given Point

The executive committee of the Centennial, Home Coming and Fall Festival announced this afternoon that the prizes in the school float division of the Centennial parade would not be announced until Monday due to some slight misunderstanding of the rules.

The Centennial parade was a revelation to the thousands of people who crowded along the line of march to get a glimpse of it. The school floats were especially attractive. The floats of the Catholic school carried out the Centennial idea. The first float showed Father Gibault teaching the first school in Indiana at Vincennes in 1780. John Barrett represented Father Gibault. The second float showed the Catholic school as it is today. A banner said: "For Our God and Our Country." The float representing the Rushville public schools was a most attractive one. Upon a large wagon drawn by four black horses was a very large Cornucopia. Seated upon the Cornucopia was Ward Hubbard, dressed as a schoolmaster. The schoolmaster bore the couplet.

"While paying with honor a century's debt.

"To people who gave Indiana her name,

"Remember her statesmen, but do not forget:

"The Hoosier Schoolmaster should share in their fame."

—E. B. M., Oct. 1918.

Reaching from the hands of the schoolmaster were red ribbons leading to all of the departments represented. The Cornucopia as a "horn of plenty" was dispensing "education, full and free" to the following persons representing the work of the Rushville public schools:

Grade 1; Norma Miller, Grade 2; Graham Pugh; Grade 3, Francis Kirkpatrick; Grade 4, Donald Powers; Grade 5, Marian Kinsinger; Grade 6, Harold Clarkson; Grade 7, Margaret Herkless; Grade 8, Jean Gates; English, John Fleehart; Latin, Hubert Alexander; German, Katherine Todd; Mathematics, Parvel Moore; History, Helen Osborn; Science, Clifford Mauzy; Domestic Science, Katherine Wyatt; Manual Training, Merle Winkler; Art, Josephine Scholl; Music, Janet Dean; Athletics, John Keating; Commercial, Hazel Stoops.

The entire float was decorated in red and black, the school colors.

Many of the costumes were particularly appropriate. John Fleehart, as English, was dressed as William Shakespeare, and bore the placard, "1616-English-1916," thus representing the centennial of Shakespeare. Hubert Alexander was dressed as a Roman soldier, representing the Latin department. Katherine Todd, was dressed as a German maid. Helen Osborn looked fine dressed in "Old Glory," representing American History. Clifford Mauzy carried a retort to represent Manual Training.

Miss Henrietta Coleman planned the float and great credit is due to her artistic ability in arranging the appropriate color scheme and decorations.

### Centennial Queen Crowned Yesterday And The Second Highest Contestant

MISS LEAH ONEAL

MISS DOROTHY MULNO

Miss Dorothy Mulno, daughter of Mr. and Mrs. William G. Mulno, 614 North Jackson street, was crowned Centennial Queen with some pomp and ceremony, at the platform at the corner of Main and Second streets, about 3:30 o'clock Friday afternoon following the Centennial parade, in which the queen and the two girls who received second and third prizes rode.

Miss Mulno was queen by virtue of having received the greatest number of votes—72,152—and was awarded the prize of \$25 in gold. Miss Leah Oneal, who gave Miss Mulno a race, polling 58,358 votes, received \$15 as the second prize. Miss Dessie Dudgeon was awarded \$10 for third prize. She received 8,509 votes. There were approximately 142,400 votes cast in the contest.

### RESIGNS RATHER THAT PAY ALIMONY

Woodford Cassady Disappears From  
City After Being Cited For  
Contempt of Court.

### NEW CARRIER TO BE NAMED

Rather than face Judge Sparks on a charge of contempt of court for failing to pay his divorced wife support money in the sum of \$100, Woodford Cassady has resigned his position as rural mail carrier on route No. 3 out of this city and left for parts unknown. He was cited to appear this morning but failed to do so for the very simple reason that he has been out of the city for the past week or ten days.

Action for contempt in not paying his divorced wife, Mrs. Della Cassady of Connersville, was filed some time ago and he was given until Oct. 10 to pay up, but failed to meet the payment. Mrs. Cassady alleges that there is due her the sum of \$100. Under the terms of the divorce decree she was given the sum of \$30 a month.

It was stated at the postoffice today that his successor would be picked from the eligible list within a few days.

### HURT IN FALL DOWN STAIRS

Mrs. James Bebout, Mother of Mayor, is Painfully Injured.

Mrs. James Bebout, of Manilla, who is visiting at the home of her son, was painfully hurt this morning in a fall down stairs. Mrs. Bebout lost her footing and fell down the rear stairs to the first landing. She sustained a cut over one eye, her face was badly bruised and one shoulder injured. It is not believed that her injuries will result seriously.

Mr. and Mrs. Roy Aldridge and daughter of Pittsburg, Pa., are here for a visit with Mr. and Mrs. A. L. Aldridge. Mr. Aldridge leaves Monday, but Mrs. Aldridge and daughter will remain for an extended visit.

### MOTORCYCLE AND AUTO ARE DAMAGED

Machine Driven by H. G. Sampson Hits Machine Ridden by R. F. Mart of Indianapolis

### CARL PECK SEVERELY HURT

An automobile driven by H. G. Sampson and a motorcycle ridden by R. F. Mart of Indianapolis, collided yesterday afternoon at the intersection of Third and Spencer streets, resulting in considerable damage to both machines. The auto was going south out of Spencer street and the motorcycle was going west on Third street. Carl Peck, who was riding on the motorcycle with Mart, was severely bruised when thrown to the brick pavement, but the occupants of the auto escaped injury. The motorcycle was almost demolished and the front part of the auto was badly smashed. Six spokes were torn from one wheel, the fender bent, but the engine was not damaged. The accident is said to have been unavoidable.

Mr. and Mrs. Ray Schuster of Muncie will motor to this city this evening to be the week-end guests of Miss Jeanette Clark.

### WILL SPEAK AT FALMOUTH

Fred Van Nuys Will Address Democratic Meeting Tonight

Fred VanNuys of Indianapolis formerly of Anderson, and a native of Rush county will address a Democratic meeting tonight at Falmouth. Mr. VanNuys will arrive here at 5:42 o'clock and will be met by a party of local Democrats. The New Palestine drum corps will make the trip to Falmouth and furnish the music. A delegation from this city will attend the speaking.

Mr. and Mrs. James Ochiltree and Miss Mable and Miss Laura Sator of Falmouth have motored to Owentown, Ky., for a short visit.

## FIRST BALANCE FOR 23 YEARS

Rush County Farmers Insurance  
Company is in Excellent Financial Condition

### ANNUAL MEETING HELD TODAY

Report of Actuary Webb is Heard  
and Same Officers are Re-Elected for the Year

At the forty-first annual meeting of the Rush County Farmers' Insurance company held this afternoon in the court house assembly room, the present officers were re-elected and chief interest centered on the report of Actuary Webb. The officers re-elected were John G. Gartin, president; Thomas A. Jones, vice-president; L. R. Webb, actuary, and J. H. Pike and Edward Lowden, members of the auditing committee.

An amendment to the constitution was passed defining a risk and establishing a policy that no single risk could be insured to exceed \$4,000. This part of the constitution has always been in effect, but the change was made to define a risk, the court having held that each single item insured, such as a barn, a house or a garage constitute a single risk.

Only a small crowd was in attendance and the meeting was rushed to a close so that the members could attend the drawing on the public square.

For the first time in fifteen years the company has a balance in the treasury at the close of the year's business. The annual report of Actuary R. Webb, which was submitted to the meeting this afternoon, shows a balance on hand of \$1,289.42. Mr. Webb stated that this was the largest balance in twenty-three years and stated that many years the company failed to show a balance at the end of the year.

The report was most gratifying to the stockholders of the insurance company. The company enjoyed one of the best years of its long existence, doing a largely increased business. During the year the company had property insured of the value of \$4,378,170, which is an increase of \$154,094 over the previous year.

The company has a total membership of 2,275, showing a gain in membership of 26 over last year. The total receipts, according to the actuary's report amounted to \$12,058.04 and the total expenditures were \$10,768.62, leaving a balance on hands of \$1,289.42.

Fire losses during the year were unusually low, which in a way accounts for the good financial showing. There were no large losses from fire as encountered the year previous. The losses this year totaled \$8,812.90. The year previous one loss—that of John Widan—almost amounted to the total loss of this year.

The largest loss during the year was paid to W. B. Martin of near Milroy. Insurance amounting to \$2,500 was paid Mr. Martin. His loss was three barns and their contents. The fire occurred on December 22. Else Kirk, also living in the Milroy neighborhood, suffered a loss of \$1,000 on the same day.

N. J. Armstrong sustained a loss of \$702 on Oct. 11. On the same date Harry Armstrong was paid \$479 for the loss of a barn and personal property. Other losses during the year were small. Usually a large amount of money is paid for live stock struck by lightning but there was not as heavy a loss from this source this year, according to the report.

## MOVEMENT ON TO GET MUSEUM

Fine Display of Old Relics This  
Week Leads Many to Suggest  
Such a Thing

### CURIOS ARE A REVELATION

Further List of Exhibit Which Has  
Astonished People of County  
Presented Today

The display of old relics at the Centennial, Home Coming and Fall Festival this week has caused innumerable suggestions from many sources that an effort be made to start a county museum where a collection of quaint old curios could be seen any time.

The suggestions of countless people may lead to something definite in that direction being done. It has been freely pointed out by many that there is plenty of room in the court house where such a collection could be made and displayed to good advantage.

The exhibit this week has been a revelation to the people of Rush county. Although there are few homes which do not have some priceless relic, no one imagined that there were so many in Rush county as the Centennial exhibit has disclosed. There were approximately twelve hundred pieces passed through the hands of the committee, were labeled and distributed to the store windows. In addition to these, there are possibly three or four hundred pieces on display which never were sent to the committee but were taken direct to some store.

The Daily Republican has endeavored to give as near as possible a complete list of the relics on display, their ages and present owners. Every night this week except Monday when the display was arranged the Republican has presented a list of from two to four columns and will continue to do so until the exhibit is covered. A partial list of the remainder not previously mentioned is presented today as follows:

In Ida Dixon's millinery store window may be seen: a child's vest worn by Charles Larkin; a parasol 75 years old, belonging to Mrs. William Bainbridge; a watch pocket, a meat platter 75 years old, a jewel box 75 years old, a dinner plate and sugar bowl 75 years old, a boy's waist worn by Samuel Abercrombie 58 years ago, a baby's cap worn by Mrs. Minnie Abercrombie, all the property of Mrs. Minnie Abercrombie; a hat about 45 years old made by Mrs. Ella Mason, loaned by Mrs. Fon Riggs; an old bonnet, the property of Mrs. Theodore Friend; a mourning bonnet worn in 1862; a sugar bowl over 100 years old, a young ladies' toque, two embroidered mottos, all loaned by the Misses Anna and Alice Glöre; a letter 75 years old not bearing any stamp because that was during the time before stamps were used, a sampler 75 years old, a collection of paper money and coins, an underground railroad pass 65 years old, all donated by John S. Abercrombie; some Hensington embroidery made by Mrs. Naomi Huffman 32 years ago; a hat for a young miss made many years ago, loaned by Mrs. Will Dill; a bonnet 54 years old, the property of Mrs. Frank Gates; a silk veil from England, loaned by Mrs. E. B. Thomas; a bonnet worn in 1802, loaned by Miss Alma Green; a bonnet worn by Mrs. T. M. Grant at the reception given Ex-President Benjamin Harrison to the Indiana legislature following his election as United States senator, in January, 1887; a lady's hat 22 years old by Mrs. Dan Matlock; a bill back 65 years old, donated by Ella Stegwart; a Bible about 100 years old, loaned by Elizabeth Trennepohl; a

## HOW TO SELL THINGS THAT ARE "FOR SALE"

Write your "For Sale" ad SIMPLY stating every detail about the article that you would want an ad to give if you were anxious to buy something of the kind yourself. Give a little thought to the "selling points" about the article, and put THEM into your ad. Then run the ad MORE THAN ONCE, if that is necessary. It may or may not be.

"The Supreme Sacrifice" is the title of the five reel feature at the Princess tonight. Robert Warwick and Anna Q. Neilson are featured. There are many big scenes and the action is said to be very rapid. "Fate's Boomerang," the latest World Film release in which Mollie King is the star, will be the attraction at the Princess Monday, matinee and night. It is in five parts and deals with the trials of a man desperately in love with his wife, who is sent to supervise the building of a railroad in the western mountains. His wife, fond of society, refuses to leave her life of pleasure. The story is well acted and the wonderful scenic effects add to the picture.

signs. R. J. Cullipher did a fine piece of work in constructing the Cornucopia. The girls in Miss Dennis' domestic science classes made the large red poppies which decorated the whole float.

The Rushville schools took a commendable interest in the Rush County Centennial. The girls high school glee club opened the exercises Tuesday forenoon with several selections well rendered. A school chorus of two hundred and seventy-five voices was on the program Wednesday afternoon. The Washington School sang three songs Thursday forenoon and so enthusiastic was the crowd that the school appeared again yesterday afternoon. The boys high school glee club sang last night.

School was dismissed at 2:30 on Tuesday and Wednesday and all the afternoon yesterday.

The Centennial parade yesterday was over two miles in length and required about one-half hour to pass

a given point. The parade was led by a platoon of police followed by William Alexander, Donald Alexander, Ben O'Neil and Miss Katherine Hitt on horses. This first division was led by the Arlington band and their followed the committee, which had charge of the centennial. The committee was composed of A. Bogue, Walter Hubbard, John A. Tittsworth, Paul Allen and Jack Knecht and rode in the Hubbard car.

Following this came Mayor Bebout and the members of the city council and the fire department, with the newest of the equipment. Then came the float of Mahoning Council No. 36, D. of P. The members riding in the float, presented a striking appearance, dressed in Indian suits, appropriate to the order. Following this float came the beautiful float of the Pythian sisters.

The auto float from the Bassard garage came next and was followed by the float of the Woman's Relief Corps. The float represented, work done by the order and showed a member of the corps administering to the sick. The Caldwell Taxi and Instant Tire service was next represented and was followed by the employees of the Davis Milinery store in two automobiles. Next came several autos advertising the Overland company and in one of these was placed the Rushville high school basket ball team in uniform. On the rear of the machine the schedule for the year was carried.

Then came the children of the Henderson school in three machines and several other township schools. Banners were missing from most of the school floats represented. A. G. Haydon had a decorated float advertising his stoves. This was followed by the float of the Twentieth Century Cleaners and Pressers. At an improvised steering wheel high above the car rode little Richard Ball, son of Mr. and Mrs. Merrill S. Ball and on the sides of the float was the inscription "I Take My Pants to the 20th Century Cleaners." In place of the words "pants" was a pair of small trousers.

Following this came the auto float of the Maury Company store, with

the inscription 1816-1916 and a large picture of the department store of today and a hundred years ago. The Morris hardware store was next represented with a float on which stores were being demonstrated. The Orme taxi company and the Havens shoe store, closed the first division of the parade. A large shoe with the words "Havens—Some Shoes" composed the Havens float.

The second division of the parade was led by the Odd Fellows band and was followed by the degree staff of Franklin Lodge No. 35. The degree staff was dressed in their white uniforms and presented a fine appearance. Two floats followed in which a picture was drawn of the work done by the Odd Fellows lodge in caring for the sick and looking after the needy. The Rebecca display was led by a float in which Rebecca was shown at the well. Four machines carried members of the order.

Then came Miss Dorothy Mulno, the centennial queen and her two maids, Miss Leah Oneal and Miss Dessie Dudgeon. They rode in a beautifully decorated auto, the queen under a canopy and the two maids to one side. Clark and Caldwell followed with a display of Franklin, Hupps and Saxon cars.

The Daughters of the American Revolution followed with a large turn out. First came a float showing the making of the first American flag. Following came two machines in which were the regent and others of her staff.

Following came the beautiful float of Jack Stonecipher, representing his smoke house. Ten pin balls and ten pins were displayed and the float was decorated artistically. Behind this came the Jim Watson drum corps and then the Benson delivery company, displaying their five wagons. Oneal Brothers were next.

Lurline Council, D. of P. followed in a float. The members were dressed in Indian costumes. Caron's truck followed and then came the third division of the parade led by the carnival company's band. The Wolcott drug store contribution to the parade followed. Then came the

Rushville township schools—especially those of Jersey City. Miss Jessie Gillispie, one of the teachers in this school was in a charriot and leading from the chariot were red, white and blue streamers to which the children were attached, and each represented a state of the union. The Plough mininery shop was next represented.

The Catholic schools presented an interesting float showing Father Gault teaching the first school in Indiana at Vincennes in 1780. The suffragists followed in six machines. The representatives of the local franchise league were decorated in the yellow color of their order and catchy slogans were in abundance.

Following this came the float of the Jackson school. A large cornucopia out of which came the various things the school stands for was portrayed by the display. Bliss and Cowing was then represented by a novel display in which corn played a prominent part. The name of the firm was spelled in corn and in fact everywhere was to be seen corn. It was novel as well as attractive. Then came the pony cart of Robert Gantner on which were the words, "Trade With Aunt Nellie." The equipment of the old fire department brought up the rear.

A VOTE OF THANKS

I wish to thank my many friends for their loyal support in electing me Centennial Queen.

### That Economy Promise

"The high price of gasoline, which affects the owner of every automobile in the country as well as all business houses which use gasoline trucks; the high price of print paper which has affected every newspaper and publication in the United States, particularly the owners of the smaller newspapers; the high price of binder twine which is costing the farmers millions of dollars—all these increased expenses affecting millions of our citizens and costing them billions of unnecessary expense, is due to the Wilson administration and the Democratic party," declared Representative Halvor Steenerson, of Minnesota, in a statement recently.

"The Democratic party promised economy and gave us extravagance. It promised lower cost of living but it has gone up and is still going up. It promised to curb monopoly but the Democrats have pulled the teeth out of the anti-trust law by the Clayton act to such an extent that we are now in the grip of some of the most rapacious trusts in the world.

"When I sought to get the Government to prosecute them for violating the antitrust law the Department

## AGAIN LEADS IN SENATORIAL RACE

James E. Watson Receives 42 Votes on Day's Count and New Gets 38 and Kern 33

### TAGGART FOURTH WITH 21

James E. Watson again led in the Enquirer straw ballot contest votes announced today. The votes counted yesterday and printed this morning were taken at Hartford City and Bluffton, Watson receiving 42, New 38, Kern 33 and Taggart 21. Mr. Watson is increasing his lead over his opponent, Thomas Taggart, daily.

At Hartford City Hughes beat Wilson by five. Goodrich, Republican candidate for governor, received 13 more votes than Adair, democrat. Watson lead in the race for senator, New was second, Kern third and Taggart a trailing fourth. Hughes received two Wilson votes and lost the support of one man who was in the republican ranks four years ago. Hughes received 13 progressive votes and Wilson none. On the state ticket in the change of votes the republican candidate gained 12. The republican candidates for senator gained nine in the switching of votes.

Wilson beat Hughes by two in an installment of straw votes from Bluffton. Adair beat Goodrich by four. Kern and New received 12 votes each, Watson 10 and Taggart eight. Hughes gained one Wilson vote and did not lost any Taft votes. Three progressive votes went to Hughes and two to Wilson. The only changes on the state ticket were five progressive to republican and one progressive to democrat. The republican candidates for senator gained three in the change of votes.

of Justice could not find sufficient evidence, although the Secretary of the Interior, the Bureau of Mines, and the Federal Trade commission investigated the subject and reported there was no natural or economic cause for the increase in price and it must be due to monopolization.

"The paper trust has gradually raised the price of paper so that many of the smaller newspapers may have to go out of business. The settlers who furnish the pulp wood have been paid the same old price but the manufacturer has doubled the selling price.

"The latest product of Democratic legislation and policy, the binder twine trust—the Commission del Mercado de Henequin Reguladora de Yucatan—controls absolutely the world's sisal supply out of which binder twine is made. This trust was organized by the military governor of Yucatan and was approved by Carranza. It was financed in the United States with approval of the State Department. Norman Lind was sent as President Wilson's personal representative to Mexico is its American representative. This trust has already doubled the price of binder twine. In the state of Minnesota alone it has raised the price from 3 1/2 cents to 7 cents and refuses to quote prices for next season lower than 10 cents. Minnesota farmers use approximately 25,000,000 pounds of twine annually, and this means an extra tax of at least 10 cents an acre or more than a million dollars on the farmers of this one state. This money, wrung from American farmers, will not go to the people of Yucatan in increased wages but to Carranza. It will help him buy more arms and ammunition with which to murder Americans.

"The Democratic party has imposed extravagance on the people amounting to \$600,000,000 per annum. They have created more than 35,000 new offices, involving a permanent burden on the tax payers of \$40,000,000 per annum.

"They are great for economy when out of office, but in power they are more than extravagant—they are profligate."

## INDUSTRIES FAVOR THE SUBMARINE WAR

Directors of Germany's Steel Trust and Other Millionaires State Their Position.

### GEORGE'S STATEMENT BASIS

BY CARL W. ACKERMAN.  
(U. S. Staff Correspondent.)  
Dusseldorf, Germany, Oct. 14.—Nearly every big industrial leader in the Rhine valley, the industrial center of Germany, favors a ruthless submarine warfare regardless of the interests of the United States.

Directors of Germany's steel trust and other millionaires in this industrial district declare that Germany will not make peace until England asks for terms. The press of the country is still discussing Lloyd George's interview with the United Press in which he stated that the allies must carry the war to a "knockout" and they hold that this statement justifies their contentions that Germany must use every possible weapon against England.

# A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. ## COULD NOT WALK

And For Four Years, Could Not Stand Without Support.

Chillicothe, Ohio—"Nothing pleases me more than to speak a word of praise for Cardui, the woman's tonic," says Mrs. Ed Davis, of this town, "for I firmly believe that it snatched me from the grave."

I have been married 14 years, and had two children. After the youngest was born, I was not able to walk, and for four years, I was not strong enough to stand on my feet five minutes at the time, without something to support me.

Nothing seemed to do me any good, until, finally, I commenced using Cardui, the woman's tonic. I only used about four bottles, but, today I am well, can do my work, and walk as far as I want to.

I can never praise Cardui enough, and my neighbors cannot get done wondering at the change in me. You, too, can depend on Cardui, because Cardui is a gentle, harmless, vegetable tonic, that can do you nothing but good.

Prepared from vegetable herbs, Cardui has a specific effect on the womanly constitution, and puts strength where it is needed.

Try Cardui.

## Demonstrates How It Gives News First

The Daily Republican was again able to demonstrate this week how it gives the news first. It gave a complete account, inning by inning, with a full box score, of each world series baseball game, on the day it was played, and the report was read in Rushville two hours before any other account of the game reached this city. The Republican received many compliments on the way it handled the world's series and appreciation was expressed by many fans, both in Rushville and in other parts of the county, on the quick service.

New York, Oct. 14.—Aside from the interest which always centers in the activities of Yale, Harvard, Princeton, Cornell, Dartmouth and the other top-notch football teams of the east, Illinois university and Colgate university will hold the attention of football followers when they met this afternoon at Urbana, Ill.

This was the first meeting of Illinois and the husky easterners, who have been considered for some time one of the east's most powerful reasons why it should be counted first in football. Last year Colgate went through the season with only one defeat. In fact, the team was not scored upon save in its final game

with Cornell, which it lost by a top-heavy score. The Army and Yale teams were two of its victims. Illinois split the honor of being big nine champions last year with Wisconsin, so the east and west will be sending two of the most powerful teams against each other.

Lehigh, which hasn't done anything remarkable so far, is Yale's opponent today, and Harvard battles a southern team, North Carolina. Cornell has Williams for its entertainment at Ithaca, and Princeton goes into what probably will be the hardest fought game of the afternoon when it tackles Tufts at Princeton.

Notre Dame, another high standing team in the west, battles the Haskell Indians at South Bend and Nebraska tackles the Kansas Aggies at Lincoln.

## Society and Club News

Edited by Miss Frances Frazee.

Phone 1111, 3 rings

The "500" Club will be entertained on Tuesday evening by Mrs. Lou Weeks at her home.

Ben Cox of this city, who is attending Chicago university, has been pledged to the Sigma Alpha Epsilon Fraternity.

Miss Mary Amos of this city went to Indianapolis today to attend the Kappa Kappa Gamma state luncheon to be given at the Claypool Hotel at noon.

The Ladies Aid society of the St. Paul's M. E. church will be entertained on Tuesday afternoon by Mrs. V. C. Bodine at her home in North Perkins street.

The Loyal Daughters will have their regular bi-monthly meeting on Monday evening at the home of Mrs. Plessinger in West Third street. A large attendance is urged for the business and social meeting.

### SUNDAY GUESTS

Mr. and Mrs. Harry Flint and Mr. and Mrs. J. C. Ford of Marion will spend Sunday as the guests of Mrs. Mary A. Flint and family in North Jackson street.

### IN CONNERSVILLE

Mr. and Mrs. Willard Amos, Miss Mary Amos and Mr. and Mrs. O. M. Harton of this city are to spend Sunday in Connersville, the guests of Mr. and Mrs. E. C. Mahle and Miss Margaret Carlin.

The Missionary society of the First Presbyterian church will meet Tuesday afternoon at the home of Mrs. D. Beale when she will be assisted in entertaining by Mrs. W. Wallace and Mrs. Schreiber. An interesting program has been arranged with one of the principal numbers, "Foreigners in America."

### MUSICAL MONDAY

The first meeting for the Ladies Musical in the court house where the meetings are to be held this year, will be on Monday afternoon beginning at 2:30 o'clock. The program is in charge of the first division with Miss Olive Buell as leader for the instrumental numbers and Mrs. Will Amos having charge of the vocal numbers. All of the new members as well as the old ones are urged to be present.

### CENTENNIAL DANCE

The nightly dances at the skating rink continues to be popular with the out-of-town as well as local dance lovers. The crowd last evening equalled about 75 couples. With pretty decorations, good music furnished by the Sherman orchestra and a good crowd the affair was a pleasant one.

Among the dancers were Earl Porter, Horace Wagoner, Mr. Kursch, Bud Raymond and George Harding of Shelbyville, Miss Dorothy Voltz, Miss Corrine Schrader, Miss Marie and Miss Mable Wyson Webb Sparks, and Clarence Voltz, of Connersville, Paul Williams of Morristown and Harold Pearce, a student in Champaign, Ill.

### FAREWELL SURPRISE

One hundred and twenty-five friends and neighbors of Mr. and Mrs. W. H. Baker of North of Falmouth surprised them at their country home last evening, inasmuch as they are to move to Indianapolis the first of November for permanent residence. The affair signified the large host of friends that Mr. and Mrs. Baker have in the entire community. Music, games and various other pleasant diversions combined in making the evening a pleasant one. A delicious luncheon which was furnished in pitch-in style was served.

Mrs. Bremner of Pittsburg, Pa., and Mrs. C. C. Bush of Dayton, Ohio, were among the guests.

The Fairview Departmental Club will hold the regular monthly meeting on Wednesday evening in the school building at 7:30 o'clock. An excellent program will be given.

The members of the Psi Iota Xi will be entertained on Tuesday evening by Miss Frances Frazee at her home in North Main street. Miss Mary Anderson will be assisting hostess.

### WITH MRS. FRANK

The members of the D. T. Club were the guests of Mrs. Charles Frank for a pleasant afternoon yesterday. The seven members were engaged in social chat and a general good time for the afternoon. Yellow and white was the color scheme suggested in the tasteful decorations used. A dainty luncheon was served to the members. Later they were joined by their husbands and an oyster supper was given in the evening.

The next meeting will be a Halloween party at the home of Mrs. Knowles Casady when the husbands as well as the members will be entertained.

## What the Women's Clubs Are Doing

With the opening of the club year in the fall, a number of interesting and novel programs are in evidence at the clubs of the surrounding towns. More and more, the ladies chose to cling to one general theme throughout the year, and always during one program. The variety of subjects shows a diversity of tastes and interests.

School systems were studied by the members of the G. G. Club of Connersville at their last meeting. "Industrial Schools of Gary," "Motion Pictures in Public Schools," and "Stanford University" were subjects all of which came in for their share of the attention.

A novel meeting of the Mazazine Club of Columbus was the last one when the program consisted of a series of stories of pioneer life in Indiana. Current events of the state were given as responses by the club members who in this way observed the centennial.

Broad subjects were chosen by the members of the Domestic Science Club of Shelbyville at their last meeting when the ladies discussed "Science in the House" and "Sanitary Science."

The Tuesday Club of Seymour will be occupied during the winter months with the study of the drama. "Woman's Part in the Drama" was one of the subjects while another gave the history of the "Drama League of America," at their last meeting.

The world's foremost vocalists and musicians furnished the program for the last meeting of the Cary Club of Connersville. Each talk was illustrated by selections on the victrola. Alma Gluck, Madam Schuman-Heink, and Fritz Kreisler, Eugene Ysaye, and Zimbalist were all subjects for interesting talks.

### HOW TO CUT ROSES

There is a right and a wrong way to cut roses. The choice of the proper tool may seriously injure the blossoming-producing properties of the plants, it is pointed out by specialists of the U. S. Department of Agriculture. This applies particularly, of course, to rose plants chosen and grown especially for cut-flower production. Such roses will be largely of the perpetual blooming sort.

When a rose is cut from such plants—tea roses or other perpetual bloomers—only two or three eyes of the current season's growth of that branch should be left on the plant. This should give the roses very long stems. Succeeding blossoms should be cut close to the ground. It will seem like destroying the bush to take so much off it, but if the object is the production of roses, the cutting away of the surplus wood will attain the desired end.

If the spring pruning has not been sufficiently severe the plant is likely to have long, naked stalks and short stems to the flowers. With this character of growth only one or two strong buds should be left on the branch when the flower is cut, so as to stimulate as much growth as possible from the base of the plant.

The greatest temptation to leave wood is where there are two or more buds on one branch, some being small when the terminal one is open. This temptation to follow a bad practice can be avoided by pinching off all side shoots after a bud has formed on the end of a branch. This prevents the formation of two or more buds on one stalk. This summer pruning will encourage additional blooms on varieties which bloom more than once a year.

### WORLD'S TALLEST WOMEN

After taking measurement of the height of women in France, England and America, a doctor announces that the English woman is the tallest and the American comes next. The average height of the French woman is five feet and one inch. The American women is nearly two inches taller, and the women of Great Britain one-half inch taller than the latter. American women are heavier, their average weight being about 117 pounds.

### SUFFRAGE NOTES

Viscount Grey told the National Union of Women's Suffrage Societies of England recently that he did not think their problems should come before the nation at the present time, but that as far as his personal influence is concerned it would be used for the enfranchisement of women.

The Congressional Committee of the National American Woman Suffrage Association reports that 85 per cent of the congressmen who replied to their letter in regard to their view about the federal suffrage amendment announce themselves in favor of it and their intention to vote for it.

## A POOR EAR WHOSE LOBE DOES NOT SAG WITH STONE'S WEIGHT

In Rio de Janeiro You Find Blazing Diamonds Adorning Every Woman, The Kind That Almost Take Your Breath Away And Cash Too If You Attempt To Acquire Any. Even Effections Are Tested By a Jewel Gauge And The Depths Of a Man's Passion For His Better Half is Shown By The Number Of Jewels She Wears.

BY MARGARET MASON

(Written for United Press.)

They say all blue diamonds Come from Brazil, But believe me you'll find that A lot stay there still.

Rio De Janeiro, Sept. 20 (By Mail)

On every hand in Rio de Janeiro you find clubs—The Jockey Club, the Derby Club, the Engineers Club, the Anglo-American Club, the Naval Club, etc. On every hand in Rio de Janeiro you also find diamonds and in every feminine ear as well. Great blazing stones that take your breath away and your cash too if you attempt to acquire any.

"Kind hearts are more than coronets" would never be a popular motto here where earrings are more to be desired than shoes. Positively it's a poor ear indeed whose lobe doesn't sag with the weight of a huge ruby, emerald or sapphire surrounded with diamonds. Even the poorest natives and negresses, shambling along barefooted or clumping along in the ungainly native shoes whose heavy wooden soles leave the heels exposed and have a thick piece of leather across the front for a toe holt, have their ears all doped up in gold hoops.

When it comes to rings no finger is spurned, slightly or overlooked. If some poor little feminine finger does happen to be shy its circling band of jewels it looks almost indecently nude. The men also affect several rings and an elaborately jeweled one on the front finger of the right hand is the finger mark of a lawyer, doctor or scholar.

Even affections are tested here by a jeweled gauge and the depth of a man's passion for his better half is shown by the number of jewels that she wears. This appealed to me strongly at first. Think how attractive to have your husband in lieu of pouring words in your ear using earrings instead of pressing a tiara rather than a kiss on your brow. To give you a precious jewel rather than to call you one certainly has its fine points but unfortunately there is another getting to this jeweled adoration.

People of moderate means actually put themselves in poverty stricken condition in order that the wife may make an adequately jeweled impression. They pinch and scrimp and save and give their heart's blood for a pigeon blood ruby. Just imagine going without all the comforts of home just to show the neighbors how crazy your husband is about you.

I guess after all it's better to have a loving arm around your neck than a diamond necklace.

Aside from boasting the most brilliant blue diamonds in the world, gorgeous sapphires, rubies and emeralds, Brazil makes a scintillating rainbow showing of semi-precious stones.

Tourmalines, green and pink, aquamarines, amethysts, topazes, yellow and orange, tourquoise, opals and agates. In fact there are several attractive little shops devoted exclusively to the sale of these native Brazilian semi-precious stones. As for the general jewelry stores they are even more plentiful than saloons in New York and vie in numbers here with the tobacco shops and lottery places.

Even the birds in the air and the bugs of the earth are pressed into service as jewelry. Out of many green and bronze and iridescent, hard-shelled Brazilian beetles, unique scarf pins, hat pins, brooches, necklaces and bracelets are made. Tiny opalescent beetles too fragile to use in this manner are mounted in groups of two and three between disks of crystal bound in gold or silver and used as pendants. Some of the gorgeous butterfly wings are also used in this manner. Perhaps the most unique and attractive of all these conceits in the tiny ruby and bronze or green and gold head of a humming bird it's beak sheathed in gold set in the middle of a pair of gold metal outspread wings on a bar pin.

Other jewels are omnipresent and multitudinous as the kind of lapidaries recognize are those of which Cornelia once boasted.

Little sons and daughters are indeed very popular in Rio and no family seems complete without at least four or five. They are bright little black-eyed kiddies but all seem to have a tendency toward a pasty pallor rather than the healthy brown or apple red cheeks of our own husky North American offspring. This is due, no doubt, to the fact that their misguided parents drag them at all hours to the cinemas and serve strong Brazilian coffee and other heavy native dishes indiscriminately and promiscuously to tender tummies.

Rio kiddies all show a nonchalant disregard for lingerie and unless they be of the "haute mode" indeed a single garment suffices beautifully for their sartorial needs. This has the one drawback that it renders them very open to the argument of a paternal padding.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

## CASE IS CHANGED TO HENRY COUNTY

Will Contest of Mary A. Heaton's Against William O. Stewart, Administrator, Transferred

### HACKMAN GETS JUDGMENT

The case of Mary A. Heaton in which she is contesting the will of her mother, the late Sarah J. Stewart, was sent to Henry county this morning by Judge Sparks on a change of venue. The suit is directed against Mrs. Heaton's brother, William O. Stewart, who is the administrator of the estate. Five days are given in which to perfect the change.

Henry G. Hackman was given judgment by default against Julia C. Ellison for the sum of \$83.74. The suit was dismissed as to Fremont Ellison and judgment taken against Julia Ellison. The suit was on an account and the original demand was \$100.

## HOMER AND MANILLA PLAY

Basketball Teams Will Clash in Two Games This Week

Homer and Manilla high schools have two basketball games scheduled for next week, the first at Homer Monday afternoon after school, and the second at Manilla Wednesday night, after the Manilla horse show. As a keen rivalry exists between Homer and Manilla, the student bodies of both schools, as well as the teams, are on edge for the games. Both teams have their partisans. Homer is showing good form and team work this season but the heavier and better conditioned Manilla aggregation is expected to be victorious in one or both games. However, both teams backed by their robbing cohorts, can be expected to fight to the finish.

## NO BASIS FOR THE CHARGES

No Evidence of Proposed Election Frauds is Found

(By United Press.)

Washington, Oct. 14.—Based on charges of democrats that negroes are being taken into northern states by the hundreds for the purpose of fraud in the coming election, the department of justice announced today that it had found no basis for the charge. The states referred to by the democrats were Ohio and Indiana. Officials refused to give details of the charges. Senators Taggart and Kern of Indiana are known to be among the democratic office holders who have expressed fear that the negroes might be used in the election.

## GOT SOME BACON AND EGGS

Thieves With Good Taste Robbed Fleehart's Refrigerator

The refrigerator at the home of Albert Fleehart in West Fifth street was robbed of its contents yesterday afternoon. The thieves secured a slice of ham, some bacon and a dozen eggs and some other things of small value. The back door leading to the porch was left open and the robber had no difficulty getting into the house. The work is believed to have been that of sneak thieves.

### SUBMARINE SIGHTED

(By United Press.)

New York, N. Y., October, 14.—A westbound submarine was sighted near the Danish liner Hellwig Olaz yesterday morning by the liner Bovic, which reached here today. Some of its officers believe that the submarine was pursuing the Danish vessel. The Bovic's captain dashed away at the greatest possible speed to avoid an attack. The Danish vessel left here Thursday carrying passengers.

Evansville—The real estate board of Indiana visited Evansville today on its state wide tour.

Start Tomorrow  
and Keep It Up  
Every Morning

Get in the habit of drinking a  
glass of hot water before  
breakfast.

We're not here long, so let's make  
our stay agreeable. Let us live well,  
eat well, digest well, work well, sleep  
well, and look well, what a glorious  
condition to attain, and yet, how very  
easy it is if one will only adopt the  
morning inside bath.

Folks who are accustomed to feel  
dull and heavy when they arise, splitting  
headache, stuffy from a cold, foul  
tongue, nasty breath, acid stomach,  
can, instead, feel as fresh as a daisy  
by opening the sluices of the system  
each morning and flushing out the  
whole of the internal poisonous stag-  
nant matter.

Everyone, whether ailing, sick or  
well, should, each morning, before  
breakfast, drink a glass of real hot  
water with a teaspoonful of limestone  
phosphate in it to wash from the  
stomach, liver and bowels the previous  
day's indigestible waste, sour bile  
and poisonous toxins; thus cleansing,  
sweetening and purifying the entire  
alimentary canal before putting more  
food into the stomach. The action of  
hot water and limestone phosphate on  
an empty stomach is wonderfully in-  
vigorating. It cleans out all the sour  
fermentations, gases, waste and  
acidity and gives one a splendid  
appetite for breakfast. While you are  
enjoying your breakfast the water  
and phosphate is quietly extracting  
a large volume of water from the  
blood and getting ready for a  
thorough flushing of all the inside  
organs.

The millions of people who are  
bothered with constipation, bilious  
spells, stomach trouble; others who  
have sallow skins, blood disorders and  
sickly complexions are urged to get a  
quarter pound of limestone phosphate  
from the drug store. This will cost  
very little, but is sufficient to make  
anyone a pronounced crank on the  
subject of inside-bathing before break-  
fast.

Henry Hungerford of Anderson  
township has an old spelling book  
which was first published in 1783  
and revised in 1846. It was the book  
he used in the days of his youth  
when spelling "bees" were so com-  
mon. Mr. Hungerford was the  
champion speller and remembers one  
occasion when he spelled 600 words  
from the book correctly before he  
"spelled down" his opponent.
